A PERSONAL & PROFESSIONAL DEVELOPMENT PROGRAM

TRAINING DATES

St. Paul, MN

March 5, 2010

Time: 9:00am-4:00pm

**Cretin-Derham Hall High School
550 South Albert Street
St. Paul, MN 55105**

Cost: \$100

TESTIMONIALS

"In sixth grade I stopped believing in myself. I thought I was stupid. It felt like I was just falling deeper and deeper and my academics were just going downhill. Once TOP 20 came into my life, I realized that I am good enough."

—Gunnar, student

"A real key to success in life is how young people look at themselves, others and the world around them. The TOP 20 principles provide this opportunity for every single student. They truly raise the probability for success for a young person."

—Richard Engler, principal

"The TOP 20 concepts and process are a natural fit for my sixth grade class. Now my kids can be authors of their story, not characters in it"

—Jeanne Schwabacher, teacher

WHAT IS TOP 20 TRAINING?

Top 20 Training provides a one-of-a-kind emotional intelligence program that awakens in students and adults their power to develop their potential and the potential of others.

By becoming aware of easily understood and readily applicable concepts, people of all ages are able to make choices that make a positive difference in their lives, relationships and experiences.

WHAT YOU WILL EXPERIENCE

When you attend a Top 20 Training you will experience a dedicated, high-energy team of professional educators engaging you in "wow" insights and providing practical tools for making a difference.

Paul Bernabei, Tom Cody and Willow Sweeney have combined over 75 years of teaching, counseling and coaching. They've worked with schools, businesses, churches & organizations throughout the U.S.

Over 30,000 teachers across the United States have attended a Top 20 Training. Of those surveyed, 99% said it had value for them personally, professionally and for their students.

TOP 20 TOPICS

- Living Above the Line: How our thinking governs our experience
- Using the Frame to see things differently
- Activating curiosity to eliminate blame and the need to be right
- Implementing Pods to create belonging and enhance student engagement
- Overcoming a major roadblock to learning by keeping 'stupid' in the box and celebrating confusion
- Discovering relevancy in school when there doesn't appear to be any
- Creating a Top 20 culture to reduce negativity and explode potential
